**UPDATED: COVID-19 Situation Report and Guidance**

As of Friday March 27, at 8 a.m., there are no new positive cases and Dubois County remains at one positive COVID-19 case.

COVID-19 is spreading in the State of Indiana and everyone needs to do their part to help prevent its spread. If a resident has any doubt about contact or exposure, stay at home and separate yourself from others. We must protect the high-risk individuals who are most vulnerable to this highly contagious virus. They include the elderly, immunocompromised and chronically ill. We are responsible to protect our families, friends, and neighbors. We are all in this together. We can make a difference. Social distancing only works if we all participate.
