To keep our environment safe for patients, visitors, and staff, Memorial Hospital is implementing additional visitor restrictions beginning Friday, March 20, 2020, regarding COVID-19.

- Entrances to our facilities will be limited.
- A NO VISITOR POLICY is implemented with exceptions for certain situations.
- The following areas may receive one consistent visitor over the age of 15:
  - Women and Infant Services
  - Pediatrics
  - Emergency Department
  - Outpatient surgery and outpatient office appointments
  - End-of-Life discussions and visitations
- Visitors will complete a brief health screening at entrances. Visitors will be restricted to the patient’s room. Visiting hours are limited. Any non-essential visitors (those visiting the cafeteria, gift shop, etc.), vendors, and contractors will not be permitted to enter the hospital.
- No visitors are allowed with influenza-like symptoms. These include cough, sore throat, fever, chills, aches, runny or stuffy nose, and/or vomiting or diarrhea.
- Visitors are encouraged to clean their hands frequently while in the hospital and wear protective face masks when instructed.
