**UPDATED: COVID-19 Situation Report and Guidance**

As of October 8, at 8 a.m., there are 3 new positive case of novel coronavirus (COVID-19) to report. That brings the total to 1112 positive cases of COVID-19 in Dubois County residents.

Total Positive Cases	New Positives	Recovered*	Deaths	Approx. Total Tested
<b>1112</b>	<b>3</b>	<b>905</b>	<b>20</b>	<b>8793</b>

\*A person out of isolation and reporting feeling well.

We are sorry to report that we have been informed of another Dubois County death. We offer heartfelt grief for the family and friends who lost their loved one. This tragedy reminds the entire community the importance of following recommendations set out by the CDC.

We are seeing high community spread of COVID-19 in Dubois County. We understand that stage 5 has removed some restrictions on the number of people allowed at group gatherings and special events. However, it is still essential to physically distance yourself from others and wear masks while participating in these activities. This increase in viral spread impacts our schools, healthcare facilities and the entire community.
