We direct all of our Dubois County Businesses as follows:

We urge all of local businesses to follow recommendations in Governor Holcomb's Executive Order 20-08 from March 23, 2020 for the definition of essential services. This order provides an extensive list of activities that are permitted. We ask all businesses to look through this list and find the section that applies to you. We are relying on you to carefully evaluate your business to see if you qualify as an essential service. This applies to ALL businesses, large and small. If you cannot justify that you are providing an essential service, then we urge you to close at this time. The ISDH set up the Critical Industries Hotline at 877.820.0890 or by emailing covidresponse@iedc.in.gov for any questions regarding business and industry questions. For now, Dubois County Health Department will continue to use the guidance from the Indiana State Department of Health.

The Dubois County Health Department is committed to prevention efforts that promote and protect our communities health by serving with dedication, respect, and responsibility.
