Dubois County Public Health Officer Urges Community To Rely on Credible Sources for COVID-19

County Health Officer, Dr. Ted Wafart said on Wednesday that the health department is overwhelmed with calls based on false rumors.

“Avoid getting news from unreliable sources and do not spread unfounded rumors,” Wafart said.

Reliable sources for COVID-19 information include the CDC at <https://www.cdc.gov/>, the Indiana State Department of Health at <https://www.in.gov/isdh/> and the Dubois County Health Department at https://www.duboiscountyin.org/departments/health_department/index.php.

“Spreading misinformation helps no one and adds to the anxiety and unrest of our community,” Wafart said.

The health department continues to advise that staying home is critical to reducing the spread of COVID-19 in our community.

The Dubois County Health Department is committed to prevention efforts that promote and protect our communities health by serving with dedication, respect, and responsibility.
