**UPDATED: COVID-19 Situation Report and Guidance**

In response to questions we are receiving regarding the numbers of individuals in Dubois County who have been tested for COVID-19, we are unable to provide that information since only positive tests are required to be reported to the health department. As of March 25 at 8 a.m., there were no new positive COVID-19 tests of Dubois County residents.

**Each person plays a role in helping overcome this pandemic:**

- **Stay informed with ACCURATE information**
- **Use social distancing and keep six (6) feet between you and others**
- **Cover your coughs and sneezes, use a tissue then throw away**
- **Clean your hands often with soap and water for 20 seconds or use hand sanitizer**
- **Avoid touching eyes, nose, and mouth**
- **Don't share household items**
- **Clean all "high touch" surfaces and objects daily**
- **STAY HOME**

**Hold yourself and others accountable for their health, your health, and the health of all of our citizens. We can get through this, but it will take everyone doing their part.**

*The Dubois County Health Department is committed to prevention efforts that promote and protect our communities health by serving with dedication, respect, and responsibility.*
