The Dubois County Health Department, Dubois County Emergency Management Agency, and our local response partners are continuing to work in close partnership with one another in order to best support our wonderful community. The increase in cases of COVID-19 in our community reminds us the vital importance of taking precautions to protect the health and safety of our residents. The recommendations have not changed: Wear a cloth face covering when in public, maintain social distancing, wash your hands frequently, and stay home if you are feeling ill. Educate yourself by listening to reliable sources and authorities. Take care of your friends and neighbors by checking in on them via phone or emails.
